WEALTH MANAGEMENT OF STEWARD PARTNERS

Please join the Barberis Wealth Management team
for our Spring 2024 webinar!

Retirement isn't what it used to be. It's longer. It's more active. And it's harder to predict. Many of today's retirees can expect to spend 30 years or more enjoying the fruits of their labor. That's why it's increasingly important not simply to plan for retirement, but to plan for longevity in retirement – all of the years it might last, all of the ways your life will change and all of the events you can't foresee.
